OUTDOOR CLASSROOMS
& LEARNING

THE SUN IS SHINING, TIME FOR LESSONS OUTSIDE!

As we all know, learning outdoors has progressively grown in popularity, especially over the last few years. The benefits to children's engagement, concentration and performance is now widely documented.

SEATS, BENCHES AND STOOLS

Seating areas are a great place for children to galvanise their friendships through play, work, song, reading or even just chatting! They can offer children a place to call their own and feel secure.

And we have many styles to choose from. If you're looking for something rustic to suit a forest school or nature area, our Tree Stump Seats and Stools are perfect. Or if you'd like something more configurable and simple, our Essential Benches are a great solution. Either way, we can guarantee the highest grade timber and quality finish.

PLANTERS, SIGNS AND GATES

Sometimes it's the finishing touches that can bring an outdoor learning area to life. It could be a sign post leading the way along a trail or an entrance gate to a hidden forest clearing...

And combining these with raised planters for digging and growing can really help to define a zone. We can even incorporate steps or benches into the surrounding sleeper retainer.

OUTDOOR LEARNING

Outdoor learning doesn't need to be confined to an outdoor classroom though! There are many types of experiences that children can engage with. It could be a quiet corner to read or something more creative like a musical zone or educational game.

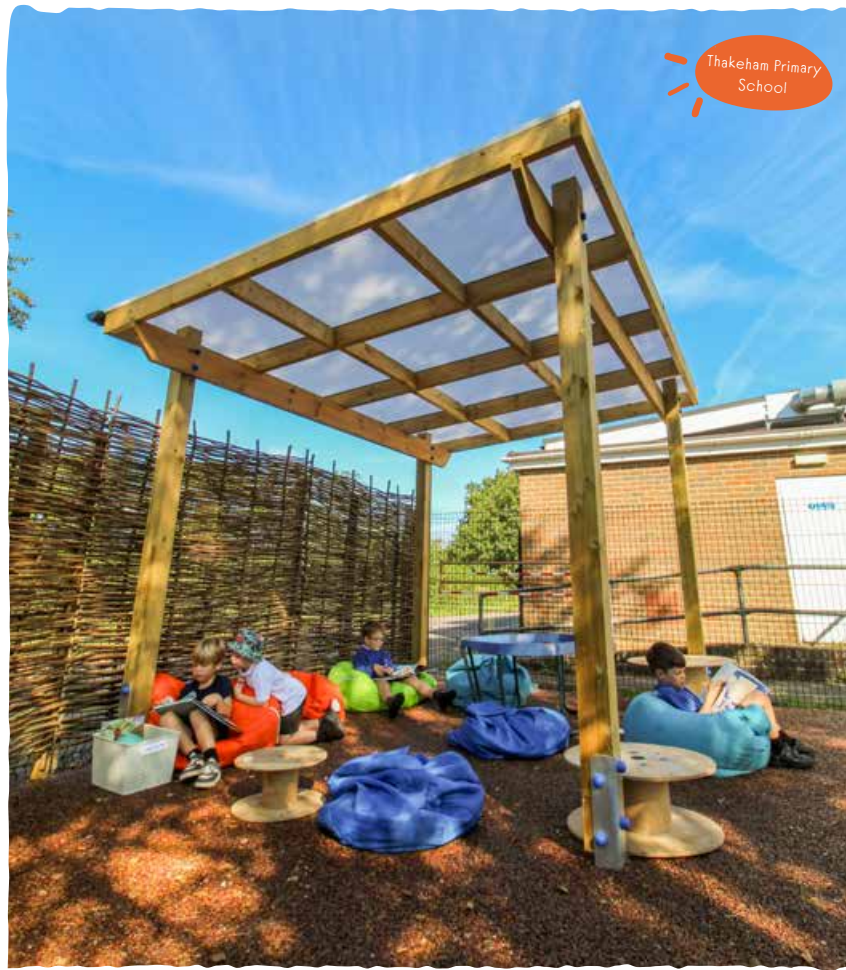

We've designed and built many bespoke items like Scavenger Hunt Tables and inclusive areas such as Castles and Follies.
